michele | WINKELMAN
WEB DEVELOPER & DESIGNER

RECENT PROJECTS

Personal Web Portfolio
Website designed and built from scratch as the capstone project for my JavaScript immersive course. Features coding projects I've completed as a student.

Built with: HTML5, CSS3, JavaScript, jQuery, Bootstrap, Heroku, Webpack, Node.js, Handlebars, Three.js, D3, Git + GitHub, Flickr API, SVG, Sublime Text

Library App
Library app using the prototype property in JavaScript. Users can add and remove books, find books by title or author, get random books, or display a list of all authors.

Built with: HTML5, CSS3, JavaScript, jQuery, OOP, Bootstrap 4, Git + GitHub, SourceTree, Atom

Todo App
Class project using multiple libraries and frameworks. Our first build used jQuery, our second, Backbone, and we refactored a third time using React.

Built with: JavaScript, jQuery, MVC, Bootstrap, Backbone, React, Ajax, API, JSON, Git + GitHub, Webpack, Heroku

SKILLS

Web:

HTML5/CSS3	jQuery	JIRA/Trello
Bootstrap	Git/GitHub	Webpack
JavaScript	SourceTree & CLI	WordPress

Design:
Adobe Illustrator
Adobe Photoshop
Sketch

WORK EXPERIENCE

Software Developer Apprentice - Techtonic Group, Boulder, CO | February 2017–Present
Accepted into apprenticeship after completing 140-hour web development training through Techtonic Academy. Gained experience with navigating and debugging a large codebase on an Agile development team. Technologies include .Net, C#, AngularJS, Kentico, SQL.

Designer & Web Developer - Freelance | July 2001–Present
Graphic design (branding & logos, identity creation, marketing & advertising) and web UI design & development for a variety of clients in retail, marketing, publishing, education, financial and service industries. **Strengths:** brand development, responsive web design

Space Planning Technologist / Fixture Specialist -
Sports Authority, Englewood, CO | September 2007–June 2016
Designed and developed planograms for 460+ retail stores and collaborated with space planning team to manage workflows, processes, and deadlines. Managed project kickoffs, timelines, and approvals for fixture design development and prototyping.

Lead Graphic Designer - Gallopade, Atlanta, GA | July 2004–August 2006
Designed branding & logos, books, catalogs, and marketing for publishing company specializing in school curriculum and children's books. **Strengths:** training, mentoring

EDUCATION

DaVinci Institute, Westminster, CO | August–November 2016
JavaScript / Front-End Web Development - 13-week immersive program

University of Nebraska, Lincoln, NE
Bachelor of Science, Apparel and Textile Design
