RECENT PROJECTS

Personal Design & Code Portfolio
Website designed and built from scratch as the capstone project for my JavaScript immersive course. Features recent design work and coding projects I completed as a student.

Built with: HTML5, CSS3, JavaScript, jQuery, Bootstrap, Heroku, Webpack, Node.js, Handlebars, Three.js, D3, Git + GitHub, Flickr API, SVG, Sublime Text, Adobe CC

Library App
Library app using the prototype property in JavaScript. Users can add and remove books, find books by title or author, get random books, or display a list of all authors.

Built with: HTML5, CSS3, JavaScript, jQuery, OOP, Bootstrap 4, Git + GitHub, SourceTree, Atom

Todo App
Class project using multiple libraries and frameworks. Our first build used jQuery, our second, Backbone, and we refactored a third time using React.

Built with: JavaScript, jQuery, MVC, Bootstrap, Backbone, React, Ajax, API, JSON, Git + GitHub, Webpack, Heroku

SKILLS

Web:

			Design:
HTML5/CSS3	jQuery	SourceTree & CLI	Adobe Illustrator
Bootstrap	AngularJS	JIRA/Trello	Adobe Photoshop
JavaScript	Git/GitHub	Webpack	Adobe InDesign

WORK EXPERIENCE

Web Developer & Designer - Freelance | July 2005–Present
Web UI design & development and graphic design (branding & logos, identity creation, marketing & advertising) for a variety of clients in retail, health & fitness, marketing, publishing, education, financial and service industries. **Strengths:** brand development, responsive web design

Software Developer Apprentice - Techtonic Group, Boulder, CO | February 2017–June 2017
Gained experience with full-stack web development in an Agile environment using .Net, C#, AngularJS, Kentico, SQL, SourceTree, JIRA, Visual Studio. Completed 140-hour web development apprenticeship training through Techtonic Academy.

**Space Planning Technologist / Fixture Specialist -
Sports Authority, Englewood, CO** | September 2007–June 2016
Designed and developed planograms for 460+ retail stores and collaborated with space planning team to manage workflows, processes, and deadlines. Managed project kickoffs, timelines, and approvals for store fixture design development and prototyping. **Strength:** project management

Lead Graphic Designer - Gallopade, Atlanta, GA | July 2004–August 2006
Designed branding & logos, books, catalogs, and marketing materials for publishing company specializing in school curriculum and children's books. **Strengths:** training/mentoring, process & standards development
